### 1.1.7 Tower Usage Fee

#### I. Subject and Purpose

This policy establishes the fee structure for installing non-MPSCS member equipment on MPSCS tower and grounds. MPSCS also requires non member applicants to cover additional expenses such as the necessity to design, license and install the equipment.

#### II. Procedures and Guidelines

Non-MPSCS members will be charged the following fee for antenna installation on MPSCS towers:

Application Fee	\$500.00
Implementation Fee	\$6,055.00

Antenna Count	Monthly fee for 1/1/2011 through 12/31/2015	Yearly Fee		Monthly fee for years 1/1/2016 through 12/31/21	Yearly Fee
Antenna 1	\$431.25	\$5,175.00		\$495.94	\$5,951.25
Each additional antenna	\$115.00	\$1,380.00		\$132.25	\$1,587.00

MPSCS members will be charged the Application Fee for secondary communications systems on MPSCS towers.

The fees allow the non-MPSCS Member to construct a shelter to support the new antenna's electronics. The shelter or equipment enclosure must be approved by the MPSCS. All shelter costs will be paid by the applicant. Shelter placement will be determined on a case-by-case basis.

The fees do not cover other expenses necessary for antenna(s) and shelter installation. The applicant agrees to pay for all 3<sup>rd</sup> party actual costs including (but not limited to) engineering analysis and reviews, licensing reviews and costs, load studies, utility installation and ongoing utility charges and other costs.

The applicant agrees to abide by the standards, and rules for site access according to MPSCS Co-Location Tower Site Access Policy 1.1.10.

Subject: Tower Usage Fee

Date Issued or Revised: April 11, 2011
